# Choose Rosedale Ontario Curriculum for Internationalization

## CAMBRIDGE

- High-stakes, exam-based evaluation education model
- Limited direct-admission to global universities with IGCSE, requiring costly international foundation programs or longer 2-year A-Level programs for admission
- Saturation of many schools offering Cambridge
- Limited integrated eLearning education technology

## Ontario

- **Progressive** evaluation education model to meet **diverse** student learning needs
- **Cost-efficient** operation and **scalable** partnership with Rosedale
- **Unique Canadian** diploma, **customizable** to **complement local** curriculums
- Co-teaching **collaborative education partnership** with Rosedale
- Fully **integrated 21<sup>st</sup> century eLearning education technology** from Rosedale for learning and evaluation

## International Baccalaureate<sup>®</sup>

- Exam-based evaluation education model
- High cost of implementation and long accreditation period
- Limited scalability requiring access western teachers
- Emphasis on independent study, unable to meet diverse student learning needs
- Limited integrated eLearning education technology

**Together,**  
we reshape the future of  
global education.
